**Subject: Revision –Terminal Handling Charges at ICD Garhi Harsaru**

Dear Sir / Madam,

As you are aware, there has been a consistent increase in prices due to inflation. Our operational costs have gone up which has directly impacted our day to day operations.

We have been absorbing the increased cost and have not revised our Terminal Handling Charges in the recent past. However, now with the constant inflationary pressure, it has necessitated us to pass on minimal hike in Terminal Handling Charges at ICD Garhi Harsaru to sustain our operations and maintain our service levels to our customers.

Please refer below the revised charges for ICD Garhi Harsaru:-

Terminal Handling Charges						
Export Cycle	20'	40'		Import Cycle	20'	40'
ICD stuffing	2,950	4,700		ICD destuffing	3,600	5,800
Factory stuffing	2,200	3,850		Factory destuffing	3,350	5,400

Kindly note that new rates shall become effective from 1<sup>st</sup> April 2013. The applicability date for Exports will be date of Handover of boxes at the Terminal (Coc+Forwarding Note) and for Imports, Coc date will be considered as the applicability date.

Thanks & Regards,

For Gateway Rail Freight Limited
